

# IPEM Company Membership

# Join IPEM: Elevate Your Company's Impact in Medical Physics and Engineering in Medicine

## Why Join IPEM?

Our Company members are distinguished companies dedicated to advancing healthcare through cutting-edge technology and expertise. By joining our community, you gain access to a network of specialists in the field of medical physics and clinical engineering, insights into the latest sector developments, and the opportunity to shape the future of healthcare technology.

We continually listen to feedback and enhance our company member benefits, by joining IPEM you can guide IPEM's offering at events and exhibitions and be the first to hear about unique opportunities and one-off events.

If your company wants to improve its contacts with medical physics and clinical/biomedical engineering and technology specialists and also keep up to date with developments in these sectors, then membership is the way to go for your business.

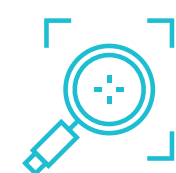

By joining IPEM, your company will be linked to a community of physicists, engineers, and technologists working in healthcare, academia, and industry. Membership of IPEM will enable you to network effectively and stay up to date with the latest innovations and developments.

---
