European Congress of Medical Physics 2024 Call for members of the scientific committee

We are happy to inform that we are moving forward with the preparation of the ECMP 2024, which will take place from the 11th to the 14th of September 2024 in Munich, Germany. Website <https://ecmp2024.org/>

The themes of the congress will be the following:

1. Early career section
2. Radiotherapy
3. Medical Imaging
4. Radioprotection
5. Non-ionising radiation
6. Innovative RT and medical imaging techniques
7. Artificial intelligence in Medical Physics

Therefore, it is our pleasure to invite your National Member Organisation to submit nominations for experts in the topics above to be members of the scientific committee of the congress.

The nomination for this post must include the following documents:

- a formal letter of nomination including the name and affiliation of the nominee, from the President of the EFOMP NMO of which the nominee is a member.
- a statement by the nominee in relation to the post for which he/she is nominated demonstrating a knowledge and interest in the field and highlighting any other experience which makes them suitable for the post (up to 500 words).
- a short CV limited to 2 pages A4. The CV should cover the nominee's qualifications as specified in the section above.

Nominations should be sent to the Secretary General by email to: **secretary@efomp.org**
Nominations should reach the Secretary General no later than **15th of May, 2023**.
